

MAKING TRACKS submission form

Making Tracks is a groundbreaking short film event that offers totally unique way for new and established filmmakers to get their work seen. We seek out some visually exciting short films and give them to **The Cabinet of Living Cinema** who will re-score them live in front of your very eyes. This can be particularly valuable for filmmakers who have had trouble copyrighting the music for their film. For more info visit whirlygigcinema.com/makingtracks

We are currently looking for films to show at the next Making Tracks at Rich Mix on Saturday 14th January 2012 and other future events. To qualify, your film must:

- Have a duration of less than 12 minutes
- Have been made recently (preferably no more than 2 years old)
- Be visually descriptive, so will speak for itself when soundtrack is removed
